Ayurvedic Point
Milan, Italy

International Association for the
Study of Traditional Asian Medicine

Sir/Madam,

This is just to remind all professionals of Ayurveda and allied sciences that this year (from 30th August to 2nd September, 2019) J S Ayurveda College, Nadiad, Gujarat is holding an international conference on the theme “REDISCOVERING SCOPES OF AYURVEDIC PEDIATRICS” and a pre conference workshop. Many Ayurvedic institutes and hospitals are doing excellent work in the clinical field of ayurvedic pediatrics. Contrary to the general belief, children are not little adults as far as their anatomy, physiology, growth and development, dependence on others for various issues at different pediatric age groups, health conditions, care and treatment, etc are concerned. There are several issues that can be addressed in order to look after the overall health of all pediatric groups.

Pre Conference Workshop on "Rediscovering Scopes of Ayurvedic Pediatrics"

The pre-conference workshop will be held on 30th and 31st August 2019. We have planned to devote most of the time for interactions, doubts clarification and hands-on training in different areas like diagnostic tests and their interpretation, specific panchakarma procedures in pediatrics and demonstration of successful clinical cases (including pediatric neurology, neurobehavioral, nephrology, gastroenterology and congenital/genetic disorders). All professionals, irrespective of their specialty can participate in the pre-conference workshop. The lectures and demonstrations by expert group will benefit in day-to-day practice.

Please enroll yourself and encourage your friends and PG students in large numbers to register and take the benefit of this workshop. This will be more advantageous to young teachers, practitioners and PG students to improve their command on the subject. In view of limited seats, early booking/registration will ensure participation. The registered delegates can also send suggestions on discussions for inclusion in the workshop.

Main Goals :

Effective practical training, and clinical experiences to the participants

Bringing subject experts on one platform for the benefit of the participants

Methodologies (a few are mentioned here)

Demonstration of pediatric panchakarma in various pediatric ailments with novel approach

Demonstration of unique therapies for pediatric patients

Visit to NICU of Mahagujarat Medical Society

(JSAM is an organization of this society)

Details of Registration Fees :

Type of Delegate	Delegation Fees INR before 30.06.2019	Delegation Fees INR after 30.06.2019 and on spot
Indian Delegates	₹2000*	₹2500*#

* Workshop registration fees include boarding and modest accommodation also.

Accommodation is subject to availability.

Note-2 : The delegate registering for pre conference workshop and conference both will be eligible for 20% discount in registration fees.

THE FEE IS NON REFUNDABLE, NON TRANSFERABLE.

5th International Conference on "Rediscovering Scopes of Ayurvedic Pediatrics" on 1st & 2nd September, 2019

Participation in the conference will give you an opportunity to hear and interact with experts and also present your work. Through these meetings other professionals know about you and your work and it will benefit you severally, besides improvement in your practice. Exchange of experience benefits all.

We invite research articles for the international conference. Given here are some links that provide guidelines about writing research articles (case study as well as full research paper).

For writing an effective title, abstract and key words:

<https://www.editage.com/insights/how-to-write-an-effective-title-and-abstract-and-choose-appropriate-keywords>

<http://libguides.usc.edu/writingguide/title>

Web address for the guidelines for full research articles:

<http://www.ijmr.org.in/contributors.asp>

Web address for the guidelines for case study or case study series as per CARE CRITERIA:

<https://www.ncbi.nlm.nih.gov/pmc/articles/PMC2597880/>

For this purpose, we have outlined a few areas.
