6th International Conference on “*SUŚRUTA VIJÑĀNĪYAM-2021*”

We the team of JS Āyurveda Mahāvidyālaya, Nadiad happily announce our 6th International Conference on “*SUŚRUTA VIJÑĀNĪYAM-2021*”. J S Āyurveda Mahāvidyālaya (JSAM) was established in 1938, by the Vaidya Sundarlal Joshi with the patriotic feeling and by the inspiration of Shri Sardar Vallabhbhai Patel (our first Deputy Prime Minister, who's birth place is Nadiad) . The institute was a grant-in-aid institute earlier. In 2007, our managing organization the Mahagujarat Medical Society (MMS) realized the potential of the institute and to get a free hand in developmental decisions and became self-financed. This enabled the institute to work independently toward one goal in unison and that is to develop professionally and to progress in the field of Āyurveda education, research and health care system. Since then the college and hospital have made significant progress in education, research and health care. The teamwork done by Team JS (entire staff of JSAM) proved very well beyond the expectations. So the management decided to celebrate its independence as “*Svanirbhara Divasa*”. There is a need of coordination of entire Āyurveda fraternity towards developing Āyurveda to meet the present-day health challenges. In order to share our professional experience, accept and respect others' new experiences, and also to create a platform for exchanging one's vast knowledge and skills among the professionals of India and abroad, the college started organizing International conferences since 2015 and along with it pre-conference workshops since 2016.

SUŚRUTA the legendary scholar of Āyurveda who had laid platform for surgical practices in ancient India and there is a need to bring his ideas and its practical applicability into today's era. So the next international conference going to be held between 2nd September to 5th September, 2021; is related to the fields in which *Suśruta* has main contribution such as *Racanā śārīra* (anatomy), *Śalya tantra*
